Dear Class of 2019  
Even though we're freshmen, we  
as a class have exceeded my  
expectations and hopefully  
exceeded your own. Through the  
trials and tribulations of freshman  
year and the transitions that we  
have experienced together, I've  
seen what we are capable of  
doing as a community and as  
individuals. We have started this  
journey together, we will work  
through the grueling hours and  
the late nights together, and when  
our journey comes to an end, we  
will finish it together.

"Fellow sophomores, we are going through an important chapter of our lives. We'll face challenges and make decisions that will change our lives in the years to follow, whether it be guessing "C" on the scantron or deciding which college to attend. We're in the process of climbing a mountain with a grand reward at the summit, but obstacles impede our ascent. While we will all struggle with these obstacles, I ask that all of you be bold. Be courageous. Don't be afraid to take the risks and accept the opportunities. As we leave the "wise fool" behind, I hope all of you intrepid students are willing to accomplish any task you face without the stress or hesitation.

Good luck in your coming years!

# Field Hockey

I think Bedford field hockey grew a lot as a program this year. We had new players, coaches, and strategies to get used to, which was fun and scary at the same time! It helped us to develop different skills than the ones we were used to, and once we set our minds to it we were able to improve a lot. Overall, I think our communication showed the greatest improvement. Our games against concord Carlisle were fought very hard, and I'm proud of how the team played and cooperated.

Sara Milano-Captain

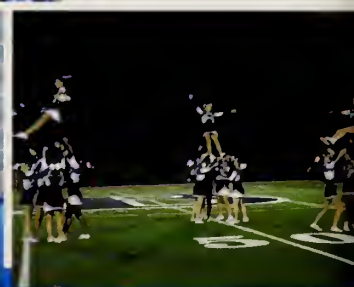

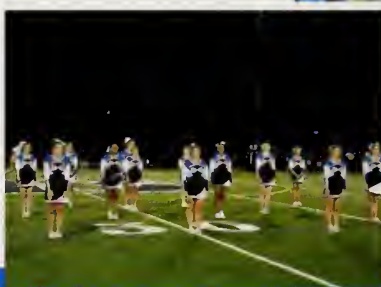

# Fall Cheerleading

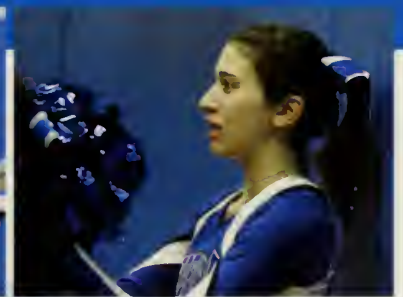

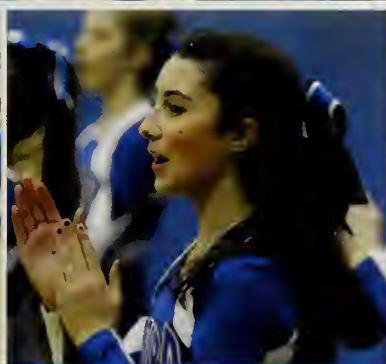

"I am so proud of the accomplishments this team had this year. Our determination and hard work payed off, and we made it to the regional competition. The girls on this team never gave up, and our coach pushed us to do our best. It was an honor for me to lead the team this year and I will truly miss it.

## Basketball

This season has been nothing but fun, hard work, and dedication, as always. It's been such an incredible journey these past four years being apart of not only a team but a family. As cliché as that sounds it's so true and we wouldn't have wanted to spend these past years any other way. This season has reminded us all of why we have a love for basketball. Good luck the next few years and thanks for all the memories!!!

At the end of year individual shoot, BHS shooters took Gold Medals for 1st, 2nd, and 4th place (Morgan Kitchen, Fritz Stadlander, and Zach Somers respectively) and a silver medal for 12th (Joe Avram) in a field of 31 of the best shooters in the state.

## Boys Tennis Team

"D3 State Champions"

What a momentous year for Bedford Tennis. After many hard fought years, we finally rose above the odds and won the State Championship. The road there was a rocky one: we left behind team members and water jugs, our coach was locked outside his car, and at one point, we lost hope in our omnipotent leader, Lenny. We will never forget the unstoppable squad of Ben Bishwas, JDMM, Bowels, Chris Squared, and the PBJ Sandwich. All in all, I'm proud to say that we OFFICIALLY stopped Weston 2k15. Good luck to the future tennis players as I'm sure you will one day reclaim our title! Until then, StopWeston4Life"

# YEAR IN REVIEW

2015-2016

## Race for the White House

A year ago, no one would have predicted that businessman and reality TV host Donald Trump could run a serious presidential campaign and become the Republican front-runner in the 2016 presidential election. As for the Democrats, self-proclaimed Democratic-Socialist Bernie Sanders made headlines by winning the hearts and souls of the American youth, while former Secretary of State, Hillary Clinton, originally expected to win the nomination, has had to put up a tough fight for the White House. With so many unbelievable primary results and jaw-dropping quotes, the presidential election of 2016 was destined to be a special one from the very beginning.

## Same-Sex Marriage

The United States made history on June 26th, 2015 when it passed the Marriage Equality Act and became the 22nd country to allow nation-wide same-sex marriage. With a 5-4 Supreme Court ruling, this momentous victory not only signified a step towards equality, but as Justice Anthony Kennedy wrote in the majority opinion, was also a step towards "equal dignity." Younger LGBTQ couples rejoiced with the promise of future marriage while older couples, who had been together for as many as 50 years, were finally recognized in the eyes of the law. We still have a long way to go before reaching true equality, but the Supreme Court's declaration that love is love, no matter what gender, certainly shows how far we have come.

## Gun Violence

A church in Charleston (6/17/15), a community college Oregon (10/1/15), a Planned Parenthood in Colorado Springs (11/27/15), a community center in San Bernadino (12/2/15) ... there were more than 350 mass shootings in 2015, which means that statistically, the U.S. has had a mass shooting almost every day. Even though, as Acton-Boxborough residents, we rarely worry about our safety, we should still consider that there are people our age dying without having had the chance to fulfill their dreams. Are we that used to hearing about these tragedies now? What can we do to stop them? We demand answers, and we demand them now.

## Black Lives Matter

Although the organization itself was founded in 2013, the Black Lives Matter movement gained a huge amount of public attention after the death of Freddie Gray in Baltimore, Maryland on April 12, 2015. The movement then expanded beyond street protests and spread to college campuses especially after student protests against racial discrimination at the University of Missouri and Yale University. As the election season has heated up, more protests have emerged around presidential rallies and debates. Although people are affected differently by the spirit of BLM, the one message ringing through America is that racism still exists in all parts of the country. #BlackLivesMatter #Equality

**Women's Soccer**

Our writing editor fell asleep for about ten minutes while watching the 2016 FIFA Women's World Cup final. When she woke up, she was shocked because, in that short amount of time, the U.S. scored a total of five goals! Thanks to Carli Lloyd's hat trick as well as two other goals from Lauren Holiday and Tobin Heath, the U.S. embraced its first World Cup title in sixteen years. After missing during the semifinal in 2003 and 2007 and in a close shootout in the 2011 final, U.S. soccer veteran Abby Wambach led the U.S. Women's team to their long overdue championship.

**Pope Francis**

In September 2015, Pope Francis made his first visit to the United States as the head of the Catholic Church. As he traveled through New York, Philadelphia, and Washington, D.C., people rushed to the streets and welcomed him with flowers. During his historic speech to a joint meeting of Congress, the Pope shared his opinions on critical global topics, such as climate change and immigration, and addressed the many past scandals and cover-ups involving the Church. With his calm and humble character, Pope Francis gave Americans a fresh impression of the ancient religious institution.

**Paris**

On November 13, 2015, the City of Light became the City of Tears after a series of coordinated terrorist attacks in Paris. One of the suicide bombings happened right outside the Stade de France (France's national sports stadium) in the middle of a friendly soccer match between France and Germany. The Islamic State (ISIS) claimed responsibility for the attacks. More importantly, the tragedy at Paris was not only a direct act of terrorism on French soil, but a wake-up call to leaders around the world that they must do something to prevent all terrorist groups from furthering their violent causes.

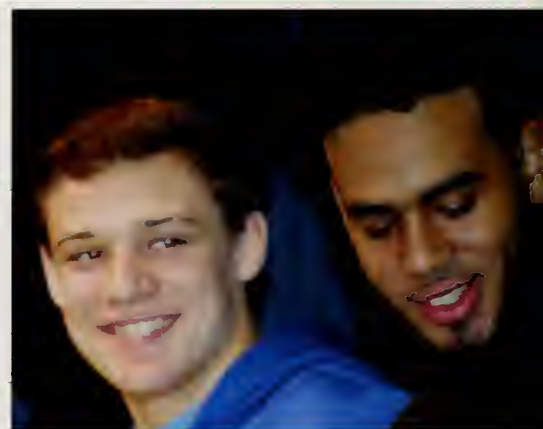

**Leonardo DiCaprio**

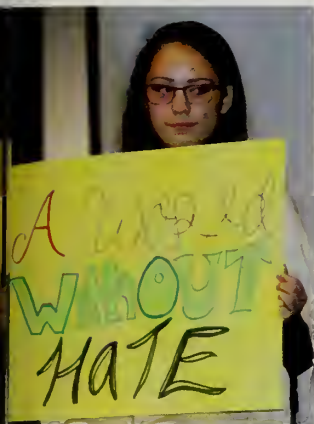

During the 88th Academy Awards, Leonardo DiCaprio, recognized as one of the most talented actors of his generation, accepted his first Academy Award for Best Actor for his brilliant performance in *The Revenant*. DiCaprio starred in many other films, including popular films like *Titanic*, *The Wolf of Wall Street*, and *Inception*. DiCaprio's long overdue Academy Award was celebrated by everyone, including his *Titanic* on-screen lover and real-life old friend, Kate Winslet, who appeared tearful during Leo's speech. We feel you, Kate!

# Senior Thanks

**Robert Ackerman**

Thank you Mom and Dad for teaching me so much. Mom, I am truly driven to work hard b/c of your endless... well nagging. Dad, you have shown me patience and understanding no matter how ridiculous the situation. Through thick and thin you have each stood by my side & supported me in my crazy endeavors. As for my home away from home, workplace, gym- Callahans Karate. Every single person there has had such an impact on my life. I would not be who I am without my instructors, coworkers, and students. I can walk in tired and bummed and walk out even more tired :) but feeling 1000% better- physically and mentally. I could not have asked for a better experience. This would not have been possible with out you. mom & dad, for enrolling me. All my teachers have enabled me to learn and grow positively. All my friends have grown, laughed, and been there for each other. You know who you are that have really helped. Thank you again!!!

**Christopher Adamik**

This "Senior Thanks" is a big shout out to all of the teachers who had to put up with my shenanigans. For those teachers that were lucky enough not to have me, you have not experienced the craziness that I possess inside my cranium. For the teachers that drew the short straw, I'd like to thank you all for your patience. You helped me grow into the academic person I am today, despite my craziness. A little crazy never hurts nobody. My time here inside the walls of BHS has proven to me that I ARE BHS; my anagram is a bit different. "A" stands for actively adding additional accusations from the brain of Adamik hows that for alliteration, JD? "R" stands for resourcefully recollecting time from the class period by being himself. And "E" stands for enjoyed the time given. On a more serious note, I'm thankful I was a part of 2016. I'm thankful I had two awesome teachers write my recommendations. I'm thankful that Ms. Santos allowed me to submit my entry so late. And I'm thankful to have met all of you. Good luck in future endeavors!

**Samir Ali Ahmad**

The appreciation I have for everyone that has helped me throughout my academic career is indescribable. To all my teachers, thank you for caring about my academic path, making sure I stayed focused, and making me the student I am today. When out of the classroom and on the field, my coaches taught me life lessons that will benefit me for my whole life. So I am thankful for their contribution by making my high school career a memorable and enlightening one. As for my friends, thanks for answering all my questions that I was too afraid to ask in class, and for helping me study for all different types of subjects. And finally, my family, the only reason I am motivated to be the best I can be. They gave me everything I ever wanted, and more, while making every day less stressful. I could have never asked for a better family. So to my little brother, mom, and dad thank you so much for all that you have done for me. For my peers and the rest of 2016, good luck for the future.

**Otto Altmann**

I'd like to thank my mom for showing me how to succeed. My dad for teaching me that the world truly is extraordinary, and Ava for being my life long best friend. I want to thank all my peers in the class of 2016. Though I may not know all of you as well as I wish, every single one of you has shaped how I am today, and I want to know everyone long after we've left this school. Specifically, I'd like to shout out the gaggle, the girthy crew, and the girlfriend. You guys especially have made my time here so much more fun and fulfilling. I owe all of you a deep debt of gratitude. But most of all, I'd like to thank my teachers at BHS and the entire Bedford Public Schools faculty. Your tireless work and dedication shaping and educating over the past 13 years has and will continue to have immeasurably positive impact on the world. You all deserve the utmost respect. Thank you.

**Taylor Anderson**

Thank you to all teachers and coaches I've had who have helped me become who I am today. I also want to thank all of my friends for all of the laughs we've shared and the memories we've made. I will never forget all of the good times we've shared over the years. Lauren, thank you for being a great big sis to me. We don't always get along but I'm grateful we are as close as we are today. James, you've taught me more than you will ever know. Thank you for being my biggest superfan, role model, and best friend. Most importantly, thank you Mom and Dad. I would not be where I am today if it weren't for you. I truly appreciate everything you've done for me over the years. Also, shout out to Sandy and Shadow for adding a lot more excitement into my life!

**Benjamin Arnold**

All I have really to thank is my family. Encouragement is a powerful development catalyst and my mother, father, and sister are always there to make me a better person. Each time they lift me up allows me to reach even higher than I could alone and achieve more than I ever thought was possible. Everything I owe is to them. Thank you, Mom, Dad, and Erika, the Arnold family

**Rachel Arnold**

To start off, I would like to say that I will always be grateful that I was given the opportunity to spend my last 12 years in the Bedford education system. To my parents, thank you for always supporting me in every decision that I have made and provided me with the best life that I could imagine. To my little sister, Dani, thank you for putting up with all my annoying yet lovable friends showing up at our house over the years and for being the person that I always know I can have a blast with. To my wonderful best friends, thank you for always being there for me and allowing me to be there for you. I am thankful for the countless memories we have shared. To my Blysters, I love you guys so much and I am so proud of what we have accomplished, despite our constant lack of focus because we were having too much fun. Also, shout out to Mr. Sunderland for putting up with our insanity.

**Michael Barkan**

First I'd like to thank my family, Mom and Dad, for all the support you give me in school and on the field, whether I ask for it or not I can always count on you to help out. Laurel you're making great things happen in college, yet you still find the time for me. I'd like to thank all of my teachers, most of all Donnelly, Sunderland, Stief, Heldman, Niven, Taub, Faulkner, and everyone else for all the help you've given without complaining. Thanks to all my coaches, Bosch, Gunnar, Coach Wilson, LoPresti, and Deeeereek. Thank you to Mrs. Rabesa as well for putting up with all my stupid questions and injuries. You guys have made my time with Bedford Athletics that much more special. Lastly, thank you to all my friends: Gavin, Sam, Maddy, Rhodesy, Connor, the Girthy Crew, Felipe, Chiggins, Jake, Jameson, Avery, Josh, Delane, Nili, Chris En and so many more. You guys are all absolutely amazing, thanks for putting up with me. Barkan out

**Ryan Barnes**

family, friends, teammates, teachers, coaches, and classmates, it's been a ride. I wouldn't have been able to make it without the help of everyone around me. Special thanks to my mom and dad, you were always here to help me when I needed it. I'm never going to forget all the great memories I made during 2/12, 2014, school sports, hanging with the fellas, and everything in between.

**Michael Barr**

It's been a long journey and it could not have been done without the love and support from my friends, teachers, and my parents. Thank you all for being there for me though out the years. I would like to thank my mom especially for going out of her way to make sure I have everything I need. I could not have done this without you. To the fellas, it has been great growing up with you and I am glad to be able to call you guys my friends.

**Ingrid Bidwell**

I would like to take this opportunity to express my appreciation for everyone who has helped me get to where I am now. My parents have helped me learn how to dream and they inspire me every day. I would not be who I am today without their guidance and encouragement and am blessed every day because of it. And to my sister, Sydney, thank you for being the Elsa to my Anna and challenging me to do my best in everything. I can only hope to achieve as much as you do. I also would like to thank my three best friends, Bela, Maddy, and Brandon; I wouldn't have had such a fun and involved high school career without you all. I would also like to thank a long list of dedicated teachers; every one of you has motivated me to set goals and work hard to reach them. Lastly, I would like to thank my dog, Penny, she is just a wonderful companion and has been with me through this whole journey. Thank you.

**Sydney Bidwell**

I would like to thank everyone that has helped me come to this position in my life, especially my parents and sister. My parents have helped me to love to read and travel the world in ways that many other people cannot even begin to imagine. They have helped me to flourish and to follow my dreams with their constant support. My sister, Ingrid, is like my other half, and I do not know how I would have made it through all these years of school without her. She helped me with homework, challenged me in swimming and academics, watched our favorite movies together, and I am truly grateful for the love and determination that she shared with me ever since she came into my life. I would also like to thank my best friends Isabela Melendez, Madison Sims, and Brandon Oestericher for helping me through high school, swim meets, and life before graduation. Your help has enriched my life with happiness, friendship, and warmth.

**Tyler Billouin**

I would like to thank all of my coaches who have helped me improve my skills in the sports I play. All three sports have helped me mature and become the person I am today. Thank you to all my teachers for helping me through all the lessons I have learned in school. Thanks to my friends and family for the great memories I will always cherish and finally thank you to Mrs. Santos for making this senior thanks happen.

**Benjamin Biswas**

Thank you to everyone who has helped me during the past four years. First, I'd like to thank my family. Thank you for always being there for me whenever I've needed support. Thanking you for always being willing to help me, whether it's with school, tennis or life. I can't thank you guys enough. Next, I'd like to thank my teachers. Thank you for always helping me. You guys make every day so much more fun, so thank you. I'd like to thank my friends. Thanks for all the great times over the past four years. I will always remember you guys. Finally, I'd like to thank the tennis team. Thanks for four amazing seasons. Thanks for all the incredible memories, especially winning the state championship. Holding up the state championship trophy was definitely the best part of high school. I will never forget you guys. As our great captain once said, "Always stay committed and you will achieve your goal in life." Thank you all for getting me through high school.

**Christopher Bowers**

Firstly, I would like to thank my parents. They have always supported me, and without them I wouldn't be the person that I am today. I would also like to thank my brothers, who have encouraged me to pursue my interests and given me guidance. High school is a very influential time in everyone's life as it is a time of self-discovery and growth. Because of this, I would like to thank all of my teachers that have encouraged and helped me during my high school career. They have helped me to discover subjects that I am passionate about, and helped me to discover what I want to do with my life. I would especially like to thank the music and science departments as well as my guidance counselor. Finally, I would like to thank all my friends who have been there for me. Whether we've been friends since kindergarten or have just met during the last few years, the memories we've created will never be forgotten. So thank you everyone, and thank you BHS.

**Austin Boyd**

I would like to thank my mom and dad for helping me and supporting me for my 18 years in Bedford. My mom has always supported me academically and my dad has supported me more with sports. Also, I would like to thank my friends who have been there for me both in and out of school. My teachers also deserve credit as well who have always been there to help me when I needed it, even if I didn't ask. Both my brother and sister have helped me with my school work as well and I'm grateful to have them in my life. And finally, I would like to thank the class of 2016 who have been there since the beginning. Thank you all.

# Senior Thanks

**Haroon Bukhari**

First off, Id like to apologize to all who made me the person I am today The "thank you" you all deserve is worth more than this black ink on glossy paper. Not sure exactly how much more though. Its difficult to put a value on priceless moments and memories Mama and Daddy, if it werent for you two, I wouldnt be here. Literally. I especially appreciate my little sister and brother for always being my trusty co-pilots. To all my fabulous teachers, life wont be the same without your fun classes and traumatic tests As for all my buddies, I want to say from the bottom of my heart that I have no idea what to tell you guys. I was once asked why I smile so much. The answer is simple: it's hard not to be happy when you feel so lucky having such wonderful friends. I guess the best way I can thank the people who brought a smile to my face is to bring a smile to theirs as well. Haroonamatata

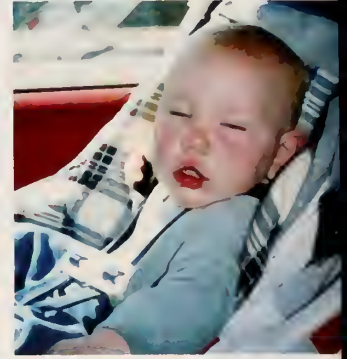

**Richay Camillo**

I just want to give a few shout outs. I want to thank Ms.Dresser for giving me the support I deserved and being so kind to me. I want to thank Mr. M for pushing me to do better I want to thank Mrs.Jones for staying on my behind. Giving me lectures and more, lol. I want to thank Mr. Daley for changing me When I was a freshmen, I wasn't focused at all and had a terrible issue with anger. Then I met Mr Daley and started talking to him and figured myself out a little bit I turned my grades around and started to focus. Mr. Daley and Mrs.Comeiro helped me with that. Mrs.Comeiro made me feel welcomed She treated me as if I was her own child no matter what color I was. She pushed me in all classes not just Mathematics. And she showed me that there's more to life then drama. Love every single one of these teachers, and I will never forget what they all did for me.

I would like to thank everyone who welcomed me when I first moved to Bedford sophomore year. It was those wonderful people who helped make the transition from California to Massachusetts so much easier. The teachers at Bedford High are so nice and almost always went out of their way to help me on anything I was having issues with. I would also like to thank my friends for being there for me when I needed them most. Saving the best for last, I would like to thank my parents for being so caring and supportive. All of the kindness and willingness to help from everyone has contributed to my success. Thanks to all these fantastic people, I am where I am today.

I'd like to thank my mom and dad who are easily the greatest parents I could've ever asked for. No matter what, I know you're always by my side and I'm grateful to have you every day of my life. Any situation, I know you're always the two people I can trust the most and you've helped me beyond you can imagine. Next, I'd like to thank my Nana and Papa. With you being so involved in my life I've learned countless lessons from you and I'm extremely grateful to have you both in my life and to have the privilege to see you so often. I'd also like to thank my brother and sister. You always laughed at my jokes whether they were funny or not. Finally I'd like to thank everyone in the school because you're all what makes the school great and made it enjoyable every day. The Fellas which you know who you are. We had an amazing ride and we always found something to do, we never wasted a day and we'll be that way forever.

Wow, senior year? 12 years and 9 schools later. And I made it. Moving and changing schools all the time is kinda hard if I'm being honest. But I just want to thank everyone not just here at BHS but all my friends from all of my schools that have welcomed me, Olivia, Braid, Dillon, Cassie, Lauren, Hannah, Cassandra, Taysia, Chelsea, Alyssa, Hunter, Rachel, Kayla, Jessica, Lyss, Trey, Shelby Z, Lex, Em, Tj, Liz, Aayu, Selena, and Caitlen. Love y'all. Here's to teenage memories.

To begin my thanks, I would like to start by showing my appreciation for The Crew: Ethan, Austin, Lucas, Jake, Jayla and Shelly. You guys are my best friends in the world and my high school journey would not have been nearly as great without you all. You've helped me through everything and made all of our experiences fun and memorable. You are the best friends I could have asked for and hopefully we can continue to share these experiences together. To my parents, thank you for supporting all of my choices and hobbies over the course of my high school career. Finally, I would like to thank all of my teachers. The teachers that I had the pleasure of being able to work with were some of the best I could have asked for. From the help I received, to the great experiences I had in my classes, they helped make my time spent at Bedford High School a good time.

To my friends, thank you for always being there for me and making high school an enjoyable experience. To my teachers from Bedford and my former schools, thank you for believing in me and instilling a solid foundation of learning. To all of my coaches over the years, each and every one of you have helped me to grow. It was your motivation that showed me I was capable of pushing so much harder than I ever thought possible. Thank you everyone for all that you have done. I would not be who I am today if it wasn't for your lifelong love and support.

**Lauren Granada**

Thank you for being an incredible role model and friend, and teaching me that life does go on, even when it seems like it won't. To my coaches and teachers thank you for inspiring me and pushing me to work hard and reach my goals, even when I thought I couldn't. I owe so much to you. Thank you to my teachers, to my family, to my friends. Thank you to anyone who's ever smiled or waved at me in passing. Thank you to everyone who's entered my life, for a long or short time, for the better or for the worse. Without every single experience and connection, big or small, I wouldn't be the same person I am today. Most importantly, thank you to the Bedford community, for being so kind and accepting. For helping me to embrace the person I've become and to continue to explore and grow as a student, as a friend, as a sister, and as a person. A special thanks to Ms. Heldman and Ms. Faulkner, for being such amazing instructors and for re-inspiring my passion for learning. Words cannot express how grateful I am for these past years, or for the knowledge and experience I've gained from them.

**Madeline Harrington**

Mom, thank you for being my biggest supporter through all my years and laughing with me the entire way. Dad, your a brick, you've taught me to suck it up and move on with a smile and to never be afraid to laugh at myself. Em and Liv, you two drive me absolutely crazy, but I wouldn't want it any other way and I will never forget the stupid stuff we did as kids in 101. Finny, you'll always be the baby brother, even when you're in your 20s, I'll miss your bleach blonde head running around. To my entire crazy extended family, thanks for the endless laughs, support and kitchen dance parties. To my best friends, we've been through thick and thin and countless laughs and I truly hope that never ends. Class of 2016, it's been real. We've been through it all, from hyper elementary schoolers, to awkward middle schoolers, to crazy high schoolers and now seniors, I wouldn't have wanted to grow up with any other people. Thanks for the memories 2016!

**Tristan Hart**

And to my dad, who constantly gave me advice that I never wanted to hear but will probably use later in life. Also, to my brother Pie, he's been a pretty cool little brother for as much as he annoys me. Lastly, shout out to the fellas, you know who you are. It's not often that people take the time to say thank you. In fact it's rare for people to even think about how others have impacted their lives and given it's the end of my time at Bedford High School I would like to let everyone know how appreciative I am. First off to my teachers, not only for doing a great job of teaching, but for truly caring. I can't thank you enough. To my family, each one of you has helped me on this journey in some way, whether you know it or not. Finally to my friends, Thank you for the adventures we shared, and the difference you each made in my life. I want to thank Mrs. Comeiro for being one of the best math teachers I will ever have. You believed in me when I gave up on myself and pushed me to do my best in your class. Not only did my grades go from a C to a B+, but I can actually solve problems now. Your math class was the best! I had so much fun and learned a lot even though I was lost 90% of the time. But the 10% of the time when I did understand, it changed my life. I now believe I can accomplish anything I set my mind to. Thanks to you I was able to conquer one of my hardest obstacles. Soon I came to like math and sometimes looked forward to going to your class. So that day when we had to decide what type of math class to take and you told me to take pre-calculus, I actually thought about it. Thanks for the awesome times!

**Austin Leonard**

I don't think that the phrase "Thank you" properly displays the way I feel towards my friends and family. Mom and Dad, I cannot thank you enough for all the times you've pushed me to do my best. For all the times you supported me emotionally and financially in my many expensive hobbies. To The Crew: I owe you guys everything. This includes Jake, EJ, Ethan, Lucas, Shelly, and Jayla. You guys are more like family than friends. We can talk about anything, conquer the world, and at the end of the day we can sit back and play some Battlefield. Ms. Flora - my business teacher, and Lucas - my business partner, get a special thanks due to their efforts in getting me to the big leagues of business. The journey to DECA Nationals was an absolute blast, and I'll always remember the experience. I'll know I'll be making millions in the future, and I'm all about paying it back. You all can stay at my villas and maybe even test out my cars. :-)

**Carrie Li**

First off, thank you to my mom and my brother Kevin for always being there when I needed them most. Without your support, I wouldn't be who I am today. You guys have put up with me for 17 years and I'm happy to have such a loving family. Next, I want to thank all my teachers for putting in their time to make me learn new things. A special shout out to Mr. Berlino and Mr. O'Connor for never allowing a dull day in class. Last, but not least, I thank every single one of my friends for experiencing the great high school journey with me. You all have always stuck by my side for everything and I really appreciate it. I know or may not be the only one that calls my friends "the crew," but "the crew" will live on.

**Laura List**

As this chapter of my life closes at Bedford High School, I would like to thank everyone who made each day memorable. To Mom and Dad: I'm lucky to have you as my parents, your unconditional support and encouragement has molded me into the woman I am today. I'm beyond grateful for all the love you have given me the past 18 years, and for all that is to come. To Ben and Sam: You have been my biggest role models ever since I was born. There is not a day that I don't look up to you and all you boys are doing. I know you guys are going to keep doing incredible things to continue my amazement. To my friends: The laughs, the memories, the late nights, we did it together, and I wouldn't want it any other way. I know I can depend on all of you, if I get ever get lost, in the woods, at 2am, I know who to call. To 2016: This is our time, good luck Bucs!

"The only place success comes before work is in the dictionary." Words cannot describe how grateful I am to my family for their love and support throughout the years. The good times that we have shared have helped mold me into who I am today. Looking back, I now realize the dedication that it takes to be a wise, yet fun-loving parent or relative. I couldn't have asked for anything more. My thanks also extend to all of the teachers whose commitment to my education have played a huge role in both my academic, athletic, and personal progression as a student, and as an individual. And to my friends and peers, these will undoubtedly be some of the greatest years of my life. I will always cherish the memories that we have made together. I wish future success and health to all who have been a part of my life.

I would like to begin with a major thank you to my family. Mom and Dad, you've pushed me to the best I can be and I hope I've made you proud throughout these past few years. Your support has meant everything in the world to me and I couldn't be more grateful. I'd also like to give a special thank you to all of the teachers who weren't afraid to push me out of my comfort zone for the better, especially Mr. Hebert who allowed me to see my own potential as a student and as a person, even at his own expense. Finally, a huge thank you to my fellow classmates of 2016 who I have created countless memories with. This journey has been unforgettable and I'm happy to have spent it with such amazing people.

Words cannot even begin to express how much gratitude I feel, but I'll try. First, I would like to thank my parents for the countless hours they have sacrificed over the past eighteen years to make me the person I am today. I know the road hasn't always been easy but we got here together. Jeanette, I know I'm not always good at expressing it but I love you with all my heart and I don't know what I'd do without you. Thank you for keeping me laughing and positive through the good and the bad. I would like to thank all the teachers I've had the pleasure of learning from during my time here at BHS. Without all of your tireless effort and drive to have every single one of your students succeed, BHS would not be what it is today. Finally, thank you to everyone in the class of 2016 for making this such an awesome four years. Good luck 2016 and GO BUCS!

**Kelly Marshall**

I want to thank my family for always being there for me. Whatever I did I always had your love and support. Dad- you were my number one fan always there at my games to cheer me on. Jess & Mike- my entire life I have looked up to you guys. Being the annoying little sister was not so easy. Growing up you both showed me the ways of life. Emelia & Nina- you guys have been there with me through it all. The memories are uncountable with you two. I love you both. Peter- No one has made me happier than you. I could lean on you no matter what and I'm forever grateful for you and all the memories. Congrats! 2016!

First, I would like to thank my friends who helped me make these last four years successful both in the classroom and outside of school. Whether it be on the soccer field, tennis court, or in any other pursuit. As much as I learned in my classes, I learned just as much from the people around me and I can't thank you all enough for that. I would also like to thank all of my teachers and my coaches who helped me along the way. From the teachers who were willing to come in early so I could get extra help to the coaches who taught me life lessons inside and outside of school. Lastly but most importantly, I would like to thank my parents for encouraging me when I was worried, helping me when I was confused, driving me around all over town, and in general, being there for me. I would not be where I am today without you and I am very thankful to have you.

**Gareth May**

Ever since I moved from Alaska to Massachusetts, I have been getting a better education here than anywhere else. I am truly thankful to be here for my last two years of High school. Also what I am really truly thankful for is getting all the help, & support from my parents, and teachers. I remember the first time I came to Bedford High school and I kept on having trouble finding the right bus to take home for 23 days, but soon one of my teachers was able to help me get on the right bus home, & not have mom come over and pick me up every day. All of our beginnings start from our last beginnings end.

I'd like to most importantly thank my mother and God. If it wasn't for my mother, I would not be in one of the best schools in the state. She's done every little thing I've ever needed or wanted, and I couldn't ask for a better mother. I thank God for that. I'd like to thank all the staff at Bedford public schools for educating me. A special thanks to the learning center teachers that had me as a student from elementary school to my freshman year of high school. Lastly, there's my father. You've been gone for 3 years now, but look at me now! I've stayed dedicated to school ever since and would not have figured out what I wanted to do without you. To my wonderful and compassionate parents, my role model of a sister, and my loving yet bitter brother for always helping me through my struggles and for tolerating my silliness. Thanks Maddie for rarely cuddling with me. I would also like to thank all of my classmates who supported and accepted me...you do not understand how much your time and care really affected me during my sophomore year. Thank you. And last but not least, I want to thank my buddies, pals, gluten lovers, progressives, adventurers, rollerbladers, hot men, party people, the gays, animals, nature, my exes, pineapple enthusiasts, hot-tubs, fast-food restaurants, skiers, CVS, travelers, weirdos, Grindr boys, pools, volunteers, bikers, nature lovers, and my unpredictable and cuddly friends. You guys rock and y'all made my high school experience a radical hell of a journey. I would never change a thing about it. I hope you all go on to do good things for the world but if you don't, I hope you do things that I wish I did. Love y'all lots.

"For the past 18 years of my life, my family and friends have always had my back no matter what. Whether it was in athletics, academics or major milestones in my life, the love and support from my Mom, Dad and brother, Brian, has been overwhelming. High school was not always easy for me, but with help from my favorite teachers, I always got the assistance I needed, both emotionally and academically. In specific, I would like to thank Mr. Berlino, Mr. Hebert and Mr. Stief for encouraging me and believing in me. Regardless how many times I say thank you, nothing can compare to the amount of times Rachel Arnold and her family have been beside me, through thick and thin. They have been like a second family and always know how to make me feel welcome when I'm down and need a good laugh. My journey through high school has been a roller coaster at times, full of highs and lows, but more importantly, full of incredible memories that I will never forget."

**Peter Richards**

First I would like to say thank you to my mom and dad for helping me academically and becoming the young man I am today. I love you. **Julie Ringuette**

I just want to thank everyone who has helped me triumph and get through the tough times so that I can be where I am. Without these people I wouldn't be where I am today!  
To my Teachers: Thank you for teaching me not just what the school required, but things that will impact me for life (like Mr. DW, thanks for keeping it real in class, those will be fond memories to take forward!).  
To Friends and Classmate: Our time together has given me life lessons that I can take to the real world outside of school.  
Finally, to my Family and especially my Parents: Thank you for supporting me even through tough times and always trying to help me become an amazing person. I will never be able to thank you enough for that.

**Jameson Rooney**

First of all, I would like to thank my mom. Throughout high school my mom has supported, cared for, and provided for me unconditionally. Whether it was with sports, social life or school. Being a single mom raising four kids isn't easy and my mom did one hell of a job making sure that myself and siblings got all of the attention and care necessary to make it through high school and off into our own lives. Although I'm not quite sure where I am going, whether it be the Marines or college, I am positive I will have her full support. She got me this far, and I am forever grateful for that. I may not show it every day but that doesn't mean I am not. I could not have done it without you mom. Love you.  
Second off I'd like to thank my brother, He has taught me many life lessons and has been a strong role model in my life, he is one of my best friends and always will be.  
Thank you.

It has been a wild ride for us. We made it past the drama, loads of homework, difficult tests and classes that seemed to take forever. We will always remember our friends and everlasting memories we spent hanging out on the weekends. It is truly amazing we made it this far but sad that we are going our separate ways. I will miss you all, but we must all move on and become the very best we can be. I would like to thank my teachers and counselor, for easing my stress from my move from Texas to Massachusetts and making me feel comfortable as possible. Last but not least, I would like to thank my parents, who have served in the military, for their passion and success and has made me what I am today.

My theory of Baseball is that it isn't about what you did in today's game; it's about what you do in the next game. That's the way life is. I would like to thank the people who helped me get to the next game. To my wonderful parents, I love you guys. You gave me the greatest gift any parent could give to their child: you believed in me. Mom, you are the greatest woman I have ever met. Your kindness and non-stop love has helped me get through many trying days. Dad, you have been a great role model through your discipline and love for your family. Rose, you are the greatest inspiration a brother can have. I am proud to call you my sister. Thank you to my grandfathers who influenced my life so much with my Name and personality. Life would not be so enjoyable without them. Underclassmen, don't worry about the failed test, the part you didn't get, or the poorly played game. Just kick butt on the next thing.

**Erin Venuti**

Thank you to my wonderful parents - for pushing me to excel at the goals I've set, and to simply do the best I can when things get challenging. I'm so grateful for you both! Lauren, thank you for putting up with all my craziness and for attending almost every one of my school events. I can't wait to see where you'll be in two years! To my extended family - thank you for keeping me entertained on my days off, for giving me so many homes away from home, and for essentially being my best friends. To my friends from school - thank you for always making me laugh! I'm going to miss being part of such a tight-knit group of friends, but I know you will all be amazing wherever you're headed next. Finally, thank you to my incredible teachers and administrators, for creating such an amazing learning environment for me. I'm going to miss Bedford, but I know that wherever I end up, I'll always have a place to call home. GO BUCS!

First and foremost, thank you to my parents for absolutely everything. Without you guys constantly having my back, I would not be where I am today. Your never ending love and support has allowed me to follow my dreams. I also wanted to thank KN, AD, JP, and CO for teaching me to be confident in myself and not be bothered by the small things. I wouldn't have been able to survive high school without you guys. Without these years at BHS, I would not be the strong, independent girl I am today. Thank you to my little brother Christopher, you have dealt with a lot from me, but thank you for those early morning school car rides and short talks we have in the morning on the way. They will always be very valuable, memorable moments to me. Lastly, thank you to my favorite teachers, Mr. Berlino, Mr. Peters, and Ms. Kinnecom you guys have always been there to support me along my way through my years at BHS. Congrats 2016, we did it!

**Zachary Walters**

I'd like to start by thanking my family. I would not be the man I am today if it weren't for you guys. Mom and Dad, I could not ask for better parents and feel so fortunate to have both of you in my life. Nate, I look up to you and feel blessed to be your brother. I am glad to have grown up with you as my older brother. Allister, I have learned so much from you and admire your work ethic in all that you do. Coach Byrnes and McGrath, thank you for showing me what discipline means and produces. I have learned a lot from the ups and downs of our Basketball seasons and cherish the relationships that have come with it. Coach Olsen, baseball was a blast. Thank you. Last I would like to thank the fellas. You know who you are. Our memories will last a lifetime. It's been real 2016. Good luck and God Bless.

**Laura Wei**

First, I want to thank all my teachers for helping me become a more critical thinker. Also, thank you Mr. Sunderland for supporting me through history fair. Thank you to Carrie for being with me since middle school, for all the inside jokes (take a shower), and for being my go-to math partner for all four years. I hope you're able to work in Denmark one day. Thank you to Grace for inspiring in me the spark to connect with my background, for the kimbap, and for encouraging me to take more pictures. I hope you can be my attorney in the future. Lastly, I want to thank my parents. You're amazing parents and thank you so much for putting up with me for 18 years. Thank you for believing in me and giving me the resources to succeed. Thank you for pushing me academically and socially, challenging my world views, and instilling in me the idea that hard work pays off. I will take that lesson with me wherever I go.

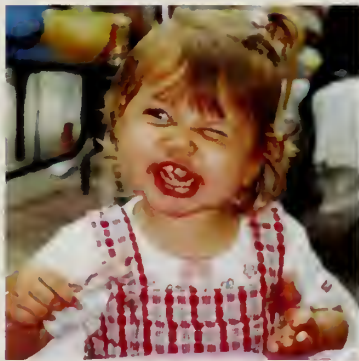

**Erin Williams**

My BIGGEST thanks goes to my mom and dad. I couldn't ask for more loving and supportive parents. I would also like to thank my sister Kelley for having my back since day one, and my grandma for always being there for me no matter what. Thank you to my mums I love you all to death! (insert crown emoji) you guys will be my friends forever. A big shout out to my LAX and Soccer girls! You guys are my family! Also thank you Jack for being my biggest motivator and pushing me to do my best, you are my best friend and my number one for everything.

**Owen Williams**

Thanks to all my teachers at Davis, Lane, JGMS and BHS. Also, thanks to the fellas. Good times!

The Kreider family, thanks for treating me like more than family & providing support & unconditional love. Thanks for all the valuable lessons & experiences that I cherish. To my 7 best friends for all the crazy times and unforgettable memories. I love you guys. Coaches, for making cheerleading a significant part of who I am today. I, KB & Shyges for helping me through many tough times & giving me hope. Mrs. Margolis, for listening to me & showing me the bright side to any situation. Thanks for being more than a teacher, but a friend. Thanks class of 2016 for making high school so unforgettable.

**Justin Yannix**

Thanks to my parents, who've inspired me to be my best and to never be satisfied with anything less, and who have shown me unconditional love and patience. Thanks to Josh for pushing me to make gainzzz in all aspects of life. Thanks to Jasmin for keeping me grounded. Thank you Ms. Ford for being the best guidance counselor ever. Thank you to my wonderful teachers for stimulating my intellectual curiosity and fostering my love of learning, and for ensuring that I didn't wander off into adulthood without actually growing up. Thanks to my friends for being awesome people and for tolerating my hijinks. Shout out to the Lookout my Smash Bros. bros, Brain Train, Girtyby Crew, and all the people at BHS who have impacted my life.

As this chapter of my life at Bedford High School comes to an end, I couldn't be more thankful for the experiences it has provided me. Mom and Dad, thank you for always supporting me and pushing me to do my best. You have given me enough love and laughter to last a lifetime. To Connor, thank you for being my role model and best friend when I needed it. To my amazing group of friends, you have filled these years with memories I will cherish forever. Words cannot describe how much you all mean to me. To my teachers and coaches, thank you for the infinite amount of time and effort you put into guiding me in my high school career. To Dave, whose boundless enthusiasm and devotion helped me through my toughest times in high school. And to the class of 2016 and BHS, thank you for the past four years of which I will never forget.

Despite being hothotered to wake up early each day to attend seemingly endless classes, the duration of my four years at BHIS now seem to have been so ephemeral and full of bliss.

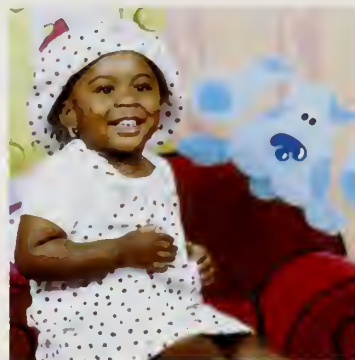

Thank you to my teachers who have taught me far more than what their curricula entailed. Your patience and guidance have helped me grow immensely. Ms. Wolf, especially, thank you for listening to my dreams and putting your faith in me.

Mom and Dad, thank you for teaching me to persevere. In your support and in JFK's words, I fostered the ambition that has made me who I am today. Cameron, thanks for forcing me to take study breaks. I probably would have gone insane otherwise. And to my friends, thank you for your willingness to let me steal your food, the homework help, the reassurance, the high-fives, the smiles, and the memories.

**Elizabeth Antuna**

If high school has taught me anything, it is that in life, you win some, and you lose some. I will be forever grateful for all of the amazing people that I have gained in my life and all of those that I have lost. I would like to thank my peers, friends, and family for making high school the most memorable four years of my entire life. I would also like to thank my mother for supporting me and pushing me to advance beyond my limits, for that I can never repay you. I love you mom! I'm so glad to finally be able to say: Class of 2016, we made it!

**Karina Cooper**

I want to say thank you to all of my teachers. I feel like I had a close connection to all of you in some way. I also would like to thank my Mom and Grandma for helping me excel in my classes even though they had a weird way of showing it. I know you both mean well. Thanks to my Step Dad and Aunt Deb for listening to me when I had a problem and couldn't talk to anyone else. I would also like to thank Ms. Sav for pushing me to read (even though I never did) and for just being there when I needed her and a little push at times. I also want to thank Mr. Freedman because without him I would not have passed Algebra 1 or Geometry. Lastly, thanks to my METCO family without you I don't know how I would have made it through these twelve years of Bedford public schooling. Waking up so early it is nice to know that I was not alone in this.

**Allyssia Smith**

As our high school years come to a hittersweet end, I would like to thank all of my family and friends that made these last four years incredible. Thanks for the amazing memories, BHIS. Good luck 2016!

*Best of luck to the*
